

DON'T WANNA OPEN MY EYES

Make believe is easy but we don't know why
Maybe we'll look back one day, admit that we were crazy
Skip across the ocean, skim the coral sea
Dive deep down into our souls, find out that that's as may be

Don't wanna open my eyes
Don't wanna wake up and find that I was dreaming
Don't wanna open my eyes
Don't wanna wake up and find that I was dreaming

Every waking moment, crying to be filled
Jump inside our universe, we'll fly off to tomorrow
Kiss this sweet conviction, flower will unfold
Letting go, the more it grows, the more that love will follow

Don't wanna.....

No no, No No No No

Feels like we've been for ever, the way we'll always be
Here again, we meet and then our lives fall into orbit
Caught up in the whirlpool of eternity
They might draw a line, until that time, you know there's nothing for it

Don't wanna
No no

BLUE DIAMOND

Spins silently in Space
This world can't be replaced
Blue diamond
Fragile as lace

Countless years to make
No time at all to break
Blue diamond
Fragile as lace

Lookin' out to Space
There's not anything
No second chance, no Planet B
No rescuin'
Lookin' out to space
There's only emptiness
A wilderness, a hopelessness
A desp'rate dream

If we leave it up to fate
Gone without a trace
Blue diamond
Fragile as lace

Lookin'....

Repeat Verse 1

CITY LIMITS

She was twenty I was barely fifteen
She was the perfect teenage dream
City Limits, City Limits, City Limits

She'd always been a family friend
Someone if we needed, we could depend
City Limits, City Limits, City Limits

Drove me to a concert for a birthday treat
Found Cloud 9 all-round my feet
Heading back, we sang every word of each song
Then she pulled into the layby before we hit home

Instrumental

Fireworks dancing inside my brain
In a matter of minutes my whole life had changed
Romantic music and heavenly choir
My heart was dazzled my soul was on fire

She drove me home then she took my hands
Let me down easy about one-night stands
City Limits, City Limits, City Limits

She was twenty I was barely fifteen
She was the perfect teenage dream
City Limits, City Limits, City Limits
City Limits, City Limits, City Limits
City Limits, City Limits, City Limits
